Pond Boss back issues are \$7 each

JULY-AUGUST 1992 – Small waters, giant largemouth. Feeding catfish. Planting for waterfowl. Grass carp.
SEPTEMBER-OCTOBER 1992 – Attracting deer and other wildlife. Choosing bass or catfish for your pond. Raising big bluegill. Forming your own fishing club.
NOVEMBER-DECEMBER 1992 – Adding structure to your lake. Patching leaky dams. Bass raised on feed. Dual feeders for fish/wildlife.
JANUARY-FEBRUARY 1993 – Fishing records, state-by-state. Catching big bass. Building your own pond. Trophy bass behavior. Cormorants.
MARCH-APRIL 1993 – Catch giant fish from tiny boats. Fertilizing for better fish growth. Summer weeds, early detection. Stocking crawfish for forage.
MAY-JUNE 1993 – Stocking Florida bass. Adding spawning cover for catfish. Poacher-proofing your lake. Controlling beaver damage.
JULY-AUGUST 1993 – Benefits of aeration. Winter plants for ducks. Preventing fish-kills. Light-tackle finesse fishing techniques.
SEPTEMBER-OCTOBER 1993 – Making your lake pay for itself. Buying tips for forage and stocker fish. Rotenone, the benefits and dangers. Tagging fish.
NOVEMBER-DECEMBER 1993 – Mystery of the 65-pound grass carp. POND BOSS reader survey results. Drawdown tactics for controlling weeds.
JANUARY-FEBRUARY 1994 – Effects of fishing pressure on bass. Customizing your bag limits to fit. Stocking bluegill for bass forage.
MARCH-APRIL 1994 – Using nets to remove carp. Pond fertilization. Heading off summer weed problems.
MAY-JUNE 1994 – Developing a fishing lease. Fish-hauling for amateurs. New Source Guide.
JULY-AUGUST 1994 – Benefits of a peninsula. Bream-Buster field test. Catch-and-release blue catfish. Dangers of overfeeding.
SEPTEMBER-OCTOBER 1994 – Evaluating fish growth. Repairing leaky ponds. Celebrated bass dies in Missouri. Using bowfishing to control gar.
NOVEMBER-DECEMBER 1994 – Gamefish parasites. Huge coppersnake. Big bass on a tight budget.
JANUARY-FEBRUARY 1995 – Topping off trophy bass with tilapia. Exploring the F-1 hybrid. Reader Survey. Pond fishing techniques that work for you.
MARCH-APRIL 1995 – Well-managed Texas pond yields 15 1/2 pound bass.
MAY-JUNE 1995 – Add fertilizer, forage to fuel bass. Solve turbid water problems by removing bottom-rooting fish. How waterfowl ponds produce giant largemouth. Treating with rotenone on warm, cloudy summer days.
JULY-AUGUST 1995 – Clearing muddy ponds. Controlling alligator and long-nosed gar. Tips on handling visiting TV guests.
SEPTEMBER-OCTOBER 1995 – Raising hybrid stripers on feed. Fishing the famed 777 Ranch. Texas' study on delayed hooking mortality.
NOVEMBER-DECEMBER 1995 – Hooking mortality study. Building your own feeder ring. Sage brush trout. Wyoming trout heaven.
JANUARY-FEBRUARY 1996 – Preventing winter fish-kills. Off-season supplementary feeding. Mixing the forage base.
MARCH-APRIL 1996 – Mercury alert throughout the South. Georgia fishing resort. Mapping your lake. Combatting an expanding beaver population.

MAY-JUNE 1996 – Effects of fishing pressure. Mercury update. Using relative weights to evaluate bass.
JULY-AUGUST 1996 – Adding depth to shoreline controls weeds. Feds relax cormorant permits. Mechanical methods get tough on weeds. Know Your Pond Life: Bullhead Catfish.
SEPTEMBER-OCTOBER 1996 – Personal fish-tracking system. Catch-and-release study. Know Your Pond Life: Warmouth.
NOVEMBER-DECEMBER 1996 – Cattails Control. Unusual fish. Predator birds. Duckweed. Grass Carp.
JANUARY-FEBRUARY 1997 – Stocking adult fish. Aeration breathes new life into aging lakes. Start a new pond or renovate an old one?
MARCH-APRIL 1997 – Weed control strategy. Fertilization tips. Projecting the surface acreage of a new or renovated pond.
MAY-JUNE 1997 – Feeding study on bluegill. Controlling duckweed. Finesse fishing techniques for small waters.
JULY-AUGUST 1997 – Clearing murky ponds. Insects role in the food chain. Cause/cure of pond algae. The ultimate pond fishing rig.
SEPTEMBER-OCTOBER 1997 – The right tool, choose between bluegill or hybrid sunfish. Revamping a reservoir. The American lotus plant.
NOVEMBER-DECEMBER 1997 – Solving infertile water problems. Autumn evaluation program. Identifying spatterdock.
JANUARY-FEBRUARY 1998 – Homemade fish habitat. Reviving an aging pond. Predator birds.
MARCH-APRIL 1998 – Feeding forage fish. Reaping the harvest and patching leaks.
MAY-JUNE 1998 – Learn how the pros use a graph to chart the growth-rates of fish.
JULY-AUGUST 1998 – Transporting fingerlings; 5 simple tips to save you money.
SEPTEMBER-OCTOBER 1998 – Identifying, controlling cattails. Controlling beavers, otters, cormorants. New vegetation handbook.
NOVEMBER-DECEMBER 1998 – Adding spawning habitat for bass, bluegill. Using hay bales to halt erosion, slow wave action.
JANUARY-FEBRUARY 1999 – Stocking tips on the big five: largemouth, fathead minnows, channel catfish, bluegill, redear sunfish.
MARCH-APRIL 1999 – Weed control options. White crappie. Overcrowding fish.
MAY-JUNE 1999 – Pulling the plug. Tips from pros on starting over. Tips on algae control.
JULY-AUGUST 1999 – Testing the water. Tips from the pros on pH, alkalinity and other mysteries.
SEPTEMBER-OCTOBER 1999 – Three hot tips for managing on a budget.
NOVEMBER-DECEMBER 1999 – Winter tips from the pros. Salvinia molesta invades southern ponds.
JANUARY-FEBRUARY 2000 – Feds probe cormorants. Boosting your minnow spawn. Control for algae.
MARCH-APRIL 2000 – Clearing muddy ponds. Measuring the size of your pond.
MAY-JUNE 2000 – Creating new bottom cover for fish. Virus in bass. Exotic plant species.
JULY-AUGUST 2000 – Harvesting your crops, the cure for skinny fish. Adding extra beds for bass, bluegill. Removing unwanted carp.
SEPTEMBER-OCTOBER 2000 – The ABC's of forage. Fertilizing clear water. Aerating old ponds.

NOVEMBER-DECEMBER 2000 – Basics of liming. Shiners boost skinny bass.
JANUARY-FEBRUARY 2001 – Building your own rearing pond. Crawfish basics. Stocking green sunfish.
MARCH-APRIL 2001 – Taking water samples. Limitations of coppersnake bluegill. Hiring the right consultant.
MAY-JUNE 2001 – Bass killing virus. Attitude adjustment. Tools for habitat, food chain.
JULY-AUGUST 2001 – Preparing to build a new pond. Role of beneficial microbes. The northern pond.
SEPTEMBER-OCTOBER 2001 – Good plants vs. bad. Customizing your pond design. Catfish in small ponds.
NOVEMBER-DECEMBER 2001 – Adding habitat for fish. The neighborhood pond. Forage for catfish.
JANUARY-FEBRUARY 2002 – Controlling algae. Cormorant environmental impact statement.
MARCH-APRIL 2002 – Adding lime. Repairing leaky dams. Zebra mussel alert.
MAY-JUNE 2002 – Setting your own bag limits. Threat of bass virus. Chain pickerel.
JULY-AUGUST 2002 – Choosing which fish to keep. Stocking small ponds. Trout as bass prey.
SEPTEMBER-OCTOBER 2002 – Homemade bird boxes. Price of a new pond. Supplementary feeding.
NOVEMBER-DECEMBER 2002 – Overcrowding fish. Management tips for the off-season.
JANUARY-FEBRUARY 2003 – Basing the annual management calendar on water temps. Controlling muskrats.
MARCH-APRIL 2003 – Pro tips on walleye, bass, aeration & more. Overcoming design flaws.
MAY-JUNE 2003 – Selective control for water weeds. Stocking adult bass. Planning a new lake. Purple martins around ponds.
JULY-AUGUST 2003 – Harvest tips. Ponds, mosquitos, West Nile Virus and you. Managing the mini-pond.
SEPTEMBER-OCTOBER 2003 – Stocking strategies to create fish populations in harmony. Trees add aesthetics, function.
NOVEMBER-DECEMBER 2003 – Winterizing your pond. Moving dirt, creating fish cover. Water, the universal solvent.
JANUARY-FEBRUARY 2004 – Balancing natural predators. Forget fertilizing northern ponds. Nature's furry chewers.
MARCH-APRIL 2004 – Hybrid stripers. Avian visitors. Traveling rainbows. Smallmouth bass in pond management.
MAY-JUNE 2004 – Attracting & keeping Wildlife on your property. Giant Largemouth bass. Those other slimy, scaly pond dwellers.
JULY-AUGUST 2004 – Wildlife diseases & wetland management. Diversity works for South Dakota Pond meister. Stocking smallmouth.
SEPTEMBER-OCTOBER 2004 – Different sunfish live different lives. Balancing your pond's green banks. Moving excess water.
NOVEMBER-DECEMBER 2004 – Spruce up your pond. A spillway is a spillway...or is it? Summer 2004 shad & fish recruitment 101.
JANUARY-FEBRUARY 2005 – Walleyes in northern ponds? Big bass live where they are. Leaky ponds may be resurrected with Bentonite.
MARCH-APRIL 2005 – Building the perfect bluegill. Largemouths and smallmouths in the same pond? Shoring the shoreline.

MAY-JUNE 2005 – To err is human, to aerate is divine. Beaver control in a bass pond. Snakes around ponds. Those darn bullies.
JULY-AUGUST 2005 – Richmond Mill—a legacy in the making. The secret life of bluegill. Picking the right boat.
SEPTEMBER-OCTOBER 2005 – Fish biology 101: mortality rates. Bullfrogs. An ounce of prevention... Growing trophy largemouth bass.
NOVEMBER-DECEMBER 2005 – Bluegill nesting. Great Blue Heron. Hatchery ponds. We hit gravel...what should we do?
JANUARY-FEBRUARY 2006 – Channel catfish. Rainbow trout. Sealing Leaky ponds—Bentonite is swell. Bigger is not always better.
MARCH-APRIL 2006 – Behemoth bluegill. Turtles. Renovating ponds. How to stock a lake for business. Scum, slime, moss putrid globs...
MAY-JUNE 2006 – Feeding program at Richmond Mill. Fish aging. Lining your pond's pockets. Behemoth bluegill—part deux.
JULY-AUGUST 2006 – To release or not to release... Thinking small...smallmouth bass. Environmental soil sealant. Passion for ponds, part two.
SEPTEMBER-OCTOBER 2006 – Tony Stewart's lake project. Rethinking food plots. Winter oxygen and your fish. A spawning box for brook trout. Oxygen saturation.
NOVEMBER-DECEMBER 2006 – Getting through drying times. Fish only die once. Aquaponics. Floating islands. LMB in ponds, abundance & electrofishing.
JANUARY-FEBRUARY 2007 – The Food Chain. Ducks, Dogs and Hot Water. Finding That Constant Level. Fish in a Barrel. Small Predators for Forage.
MARCH-APRIL 2007 – Caged Fish on a Small Scale. Niche Overlap. Yellow Perch Spawning. Avoiding Stress with Fish. Aquatic Ecosystems Loosely Defined.
MAY-JUNE 2007 – Pond Boss Conference Gallery. Erosion. Caged Fish II. Water Quality Problems. Stream Habitat Restoration. Bucket Biology. Fertility Matters.
JULY-AUGUST 2007 – Reel Weeds—For Real! Caged Fish III. Want Black Crappie in Small Waters? Why is My Pond This Color? Habitat & Simple Structure.
SEPTEMBER-OCTOBER 2007 – Design Your Own Fly-fishing Pond. What is "Pond Stratification?" Beating the Winter Growth Odds. Private Land, Public Good.
NOVEMBER-DECEMBER 2007 – Biomimicry...Nature Knows Best Pathways to Healthier Water. Spillways... Avoid the Flood. What's All This Tropic Stuff, Anyway?
JANUARY-FEBRUARY 2008 – Largemouth Bass in Cages. Pipe, Pipe and More Pipe. Golden Algae.
MARCH-APRIL 2008 – Special Edition-Aeration. Kids Fishing. Winter Aeration Research. Stomach Pumping. What are Your Fish Eating? Waterfalls Will Work.
MAY-JUNE 2008 – Special Edition-Feeding Fish. Mapping Small Waters. Feeding Fish-is it for you? Managing Your Ice Fishing Ponds All Year Long.
JULY-AUGUST 2008 – Fish Competition. Riparian... What's That? The ABC's of Aquatic Plants. Pumping Water...with Water. Do All Things in Moderation.
SEPTEMBER-OCTOBER 2008 – Crayfish—Asset or Liability? So You Want to Build a Pond? Fish Kills. Giant Bluegill in Small Ponds.
NOVEMBER-DECEMBER 2008 – Winter Super-cooling? Choosing Pipe. Trap 'em & Move 'em. Pesky Birds.
JANUARY-FEBRUARY 2009 – Aquatic Furbearers. Economic Turmoil and Your Pond. Clip a Fin. Fishworm Farming. Hurricane Ike'd My pond. Your Pond Under Ice.

Pond Boss Library

BASIC POND MANAGEMENT-THE MOVIE

Pond Management for the amateur comes alive in this comprehensive 24-minute video. Learn to raise trophy bass, control weeds, produce great fishing- all in the comfort of your own home. Nominated for Academy Awards (VHS only).

\$26.00 Each (\$20.05 + \$5.95 S&H)

BASIC POND MANAGEMENT-THE MANUAL

Never has so much practical field experience been packed into one easy-to-read manual. Written for those who move their lips when they read. This fully illustrated handbook takes you from lake design to raising trophy bass. A ready reference for any pondmaster. Brought to you by the experts at POND BOSS, it makes great bathroom reading, even if you don't own a pond.

\$16.50 Each (\$11.95 + \$4.55 S&H)

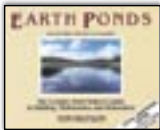

RAISING TROPHY BASS

Second in the POND BOSS How-To Series, this book is the culmination of many years of experience and knowledge. Bob Lusk takes the layman through the step-by-step process required to produce bass that will bend a casting rod and test the heart patient.

\$25.50 Each (\$20.95 + \$4.55 S&H)

EARTH PONDS

Practical pond management and a "Mother earth" philosophy come together when author Tim Matson describes how to use a pond for everything from irrigating a garden to attracting wildlife to restoring the soul. Even "old-school" fuddy-dudds

will find new material in this thoughtful handbook.

\$27.50 Each (\$22.95 + \$4.55 S&H)

EARTH PONDS SOURCE BOOK - NEW REVISED ED.

For pond owners with questions, here's your starting point for getting answers. A treasure trove of information and valuable listings in a ready-reference paperback.

\$27.50 Each (\$22.95 + \$4.55 S&H)

EARTH PONDS DVD

Author Tim Matson puts his philosophy and experience on camera, resulting in a 48-minute companion DVD by the same name.

\$37.00 Each (\$31.05 + \$5.95 S&H)

EARTH PONDS A TO Z

Earth Ponds A to Z is a fully illustrated encyclopedia of more than 200 terms and concepts. Ideal for the rookie, or the veteran pondmeister who wants to learn more. 225 pages.

\$24.50 Each (\$19.95 + \$4.55 S&H)

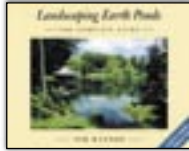

WATER WEEDS AND ALGAE

For any naturalist, fisherman or pond manager, "Water Weeds and Algae" is a must-have addition to the personal library. This fully-illustrated book is now on sale through POND BOSS Headquarters.

\$16.50 Each (\$11.95 + \$4.55 S&H)

LANDSCAPING EARTH PONDS

Tim Matson shares decades worth of pond designing and building. Learn how to make your pond fit captivatingly into the landscape and your lifestyle. Includes plant lists and sources. 162 pages.

\$31.50 Each (\$26.95 + \$4.55 S&H)

GREAT SMALL WATERS VIDEO SERIES

In his three-part tape series, your host Ray Scott takes the pond owner from the design phase to where you're catching lunkers. Roast some popcorn and settle in while the founder of Bass Anglers Sportsman's Society entertains with homespun wisdom and informs with experience gained on his own ponds. Each tape runs approximately 45 minutes each. Available in Video or DVD.

\$96.90 Set (\$89.95 + \$6.95 S&H)

POND BOSS CAP

A really sturdy beige cap with the Pond Boss logo and name embroidered on front.

\$20.50 Each (\$15.95 + \$4.55 S&H)

POND BOSS COFFEE MUG

Heavy duty large white coffee mug with Pond Boss logo.

\$12.50 Each (\$7.90 + \$4.60 S&H)

3-RING BINDER WITH 6 BACK ISSUES

\$57.00 Each (\$48.85 + \$8.15 S&H)

PERFECT POND ... WANT ONE?

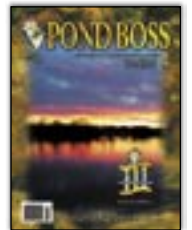

The newest book in the Pond Boss How-To-Series. From thought to finish, this book offers wise counsel how to shop for land, pick the best pond site and hire contractors. Laced with true stories stirred amongst sage advice, this is the "go to" book on pond construction.

\$25.55 Each (\$20.00 + \$5.55 S&H)

POND BOSS GIFT SUBSCRIPTION

For the guy who has everything (except great fishing in his pond). Sure, he'd rather have a Mercedes, but you're too clever, too practical, and too cheap for that. The publisher acknowledges your wise choice with a note to your buddy. Fill out Gift Information when using order form below.

\$35.00 Year (Six Bi-Monthly Issues)

Go on...order something... think how much better you'll feel!
